Kamau Gitonga is affiliated with Department of Interdisciplinary Studies, Strathmore University and focuses on Arts & Humanities research in Africa.

Githae Mucheleki is affiliated with Egerton University and focuses on Arts & Humanities research in Africa.

Oyote Mwangi is affiliated with Department of Advanced Studies, Strathmore University and focuses on Arts & Humanities research in Africa.

Abstract

Cultural preservation in Maasai community land involves balancing traditional practices with modern conservation efforts. A mixed-methods approach combining qualitative interviews and policy document analysis will be employed to explore the landscape of cultural preservation in Maasai communities. This framework highlights the need for tailored policies that recognise and respect local ecological knowledge while promoting sustainable development. Policy recommendations include integrating traditional wisdom into planning processes to enhance cultural preservation efforts and foster mutual understanding between practitioners and policymakers.
