Yared Gebrehiwot is affiliated with Department of Research, Debre Markos University and focuses on Business research in Africa.

Abstract

Microfinance institutions (MFIs) play a crucial role in enhancing women's participation in entrepreneurship within Ethiopia's microfinance landscape. Not applicable for a theoretical framework article; empirical data collection is not part of this study. This study underscores the pivotal role of MFIs in fostering women's economic empowerment and suggests further research to validate these findings. Future studies should consider longitudinal data analysis for a more comprehensive understanding of long-term impact on women entrepreneurs.

Keywords: *African geography, microfinance, entrepreneurship, gender studies, qualitative research, empowerment analysis, community development*
