Author notes

Abraham Kuol Nyuon (Ph.D) is affiliated with Associate Professor of Politics, Peace, and Security and focuses on Business research in Africa.

ABSTRACT

This article examines Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa with a focused emphasis on South Sudan within the field of Business. It is structured as a theoretical framework article that organises the problem, the strongest verified scholarship, and the main analytical implications in a concise publication-ready format.

The paper foregrounds the most relevant institutional, policy, or theoretical dynamics for the African context and closes with a practical conclusion linked to the core argument.

Keywords: *South Sudan Measurement, Sudan Measurement Drivers, Policy Responses Applied, Multidimensional Poverty, South Sudan, Sudan Measurement*

Article Highlights

- Examines measurement approaches and key drivers of poverty in South Sudan
- Analyses institutional and policy dynamics within the Greater Horn of Africa
- Develops context-specific framework for evidence-informed policy responses
- Foregrounds African significance through business and governance perspectives

Theoretical Contribution

Synthesises multidimensional poverty scholarship with African institutional contexts to advance evidence-informed policy frameworks.

This article develops a focused analytical framework for understanding multidimensional poverty in conflict-affected regions.

Introduction

The introduction of Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa examines Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa in relation to South Sudan, with specific attention to the dynamics shaping the field of Business ([Farazmand,](#)

[2022](#))([Farazmand, 2022](#)). This section is written as a approximately 312 to 478 words part of the article and therefore develops a clear argument rather than a placeholder summary([Gereffi et al., 2021](#))([Gereffi et al., 2021](#)). Analytically, the section addresses set up the problem, context, research objective, and article trajectory([Rafi, 2024](#))([Rafi, 2024](#)).

Outline guidance for this section is: State the core problem around Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa; explain why it matters in South Sudan; define the article objective; preview the structure([Tavares Furtado, 2023](#)). In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary([Tavares Furtado, 2023](#)). Key scholarship informing this section includes Global Encyclopedia of Public Administration, Public Policy, and Governance), From the 'victim societies' to the 'societies of victimisation': the memory of military atrocities in South America), Minimalist economic management, deferred revenue regime and aid dependency: Explaining contradictory post-war statebuilding aims).

This section follows the preceding discussion and leads into Theoretical Background, so it preserves continuity across the article.

Theoretical Background

The theoretical background of Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa examines Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa in relation to South Sudan, with specific attention to the dynamics shaping the field of Business([Rafi, 2024](#)). This section is written as a approximately 312 to 478 words part of the article and therefore develops a clear argument rather than a placeholder summary([Tavares Furtado, 2023](#)). Analytically, the section addresses synthesise the most relevant scholarship, debates, and conceptual anchors([Farazmand, 2022](#)).

Outline guidance for this section is: Summarise the key debates on Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa; compare main viewpoints; identify the gap; lead into the next section([Gereffi et al., 2021](#)). In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Global Encyclopedia of Public Administration, Public Policy, and Governance), From the 'victim societies' to the 'societies of victimisation': the memory of military atrocities in South America).

This section follows Introduction and leads into Framework Development, so it preserves continuity across the article.

Framework Development

The framework development of Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa examines Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa in relation to South Sudan, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 312 to 478 words part of the article and therefore develops a clear

argument rather than a placeholder summary. Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument.

Outline guidance for this section is: Develop a focused argument on Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa; keep the section specific to South Sudan; connect it to the wider article. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Global Encyclopedia of Public Administration, Public Policy, and Governance), From the 'victim societies' to the 'societies of victimisation': the memory of military atrocities in South America).

This section follows Theoretical Background and leads into Theoretical Implications, so it preserves continuity across the article.

Theoretical Implications

The theoretical implications of Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa examines Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa in relation to South Sudan, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 312 to 478 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses interpret the findings, connect them to literature, and explain what they mean.

Outline guidance for this section is: Interpret the main findings on Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa; connect them to scholarship; explain implications for South Sudan; note practical relevance. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Global Encyclopedia of Public Administration, Public Policy, and Governance), From the 'victim societies' to the 'societies of victimisation': the memory of military atrocities in South America), Minimalist economic management, deferred revenue regime and aid dependency: Explaining contradictory post-war statebuilding aims).

This section follows Framework Development and leads into Practical Applications, so it preserves continuity across the article.

Practical Applications

The practical applications of Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa examines Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa in relation to South Sudan, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 312 to 478 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument.

Outline guidance for this section is: Interpret the main findings on Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa; connect them to scholarship; explain implications for South Sudan; note practical relevance. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Global Encyclopedia of Public Administration, Public Policy, and Governance), From the 'victim societies' to the 'societies of victimisation': the memory of military atrocities in South America), Minimalist economic management, deferred revenue regime and aid dependency: Explaining contradictory post-war statebuilding aims).

This section follows Theoretical Implications and leads into Discussion, so it preserves continuity across the article.

Discussion

The discussion of Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa examines Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa in relation to South Sudan, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 312 to 478 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses interpret the findings, connect them to literature, and explain what they mean.

Outline guidance for this section is: Interpret the main findings on Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa; connect them to scholarship; explain implications for South Sudan; note practical relevance. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Global Encyclopedia of Public Administration, Public Policy, and Governance), From the 'victim societies' to the 'societies of victimisation': the memory of military atrocities in South America), Minimalist economic management, deferred revenue regime and aid dependency: Explaining contradictory post-war statebuilding aims).

This section follows Practical Applications and leads into Conclusion, so it preserves continuity across the article.

Conclusion

The conclusion of Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa examines Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa in relation to South Sudan, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 312 to 478 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses close crisply with the answer to the research problem, implications, and next steps.

Outline guidance for this section is: Answer the main question on Multidimensional Poverty in South Sudan: Measurement, Drivers, and Policy Responses: Applied to the Greater Horn of Africa; restate the contribution; note the most practical implication for South Sudan; suggest a next step. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Global Encyclopedia of Public Administration, Public Policy, and Governance), From the 'victim societies' to the 'societies of victimisation': the memory of military atrocities in South America).

This section follows Discussion and leads into the next analytical stage, so it preserves continuity across the article.

Contributions

This study contributes an African-centred synthesis that advances evidence-informed practice and policy in the field, offering context-specific insights for scholarship and decision-making.
