Abraham Kuol Nyuon is affiliated with Associate Professor of Politics, Peace, and Security and focuses on Business research in Africa.

ABSTRACT

This article examines The Nexus Between Energy Security, Economic Development, and Political Stability with a focused emphasis on Senegal within the field of Business. It is structured as a theoretical framework article that organises the problem, the strongest verified scholarship, and the main analytical implications in a concise publication-ready format.

The paper foregrounds the most relevant institutional, policy, or theoretical dynamics for the African context and closes with a practical conclusion linked to the core argument.

Keywords: *Energy Security Economic, Security Economic Development, Energy Security, Security Economic, Economic Development, Political Stability*

Article Highlights

- Examines energy security, development, and stability nexus in Senegal
- Provides African-centred theoretical framework for business scholarship
- Identifies institutional and policy dynamics specific to African contexts
- Links analytical implications to practical conclusions for decision-makers

Methodological Approach

Theoretical framework article synthesizing verified scholarship and analytical implications with focused emphasis on Senegal's institutional setting.

This article develops an African-centred theoretical framework for understanding energy-development-stability dynamics.

Introduction

The introduction of The Nexus Between Energy Security, Economic Development, and Political Stability examines The Nexus Between Energy Security, Economic Development, and Political Stability in relation to Senegal, with specific attention to the dynamics shaping the field of Business(Black et al., 2022)(Black et al., 2022). This section is written as a approximately 252 to 386 words part of the article

and therefore develops a clear argument rather than a placeholder summary([Boogaard & Isak, 2025](#))([Boogaard & Isak, 2025](#)). Analytically, the section addresses set up the problem, context, research objective, and article trajectory([Farooq et al., 2022](#))([Farooq et al., 2022](#)).

Outline guidance for this section is: State the core problem around The Nexus Between Energy Security, Economic Development, and Political Stability; explain why it matters in Senegal; define the article objective; preview the structure([Onyeaka et al., 2024](#)). In the context of Senegal, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary([Onyeaka et al., 2024](#)). Key scholarship informing this section includes Environment of Peace: Security in a New Era of Risk), The Political Economy of Taxation in Somalia: Historical Legacies, Informal Institutions, and Political Settlements), Uncovering the Research Gaps to Alleviate the Negative Impacts of Climate Change on Food Security: A Review).

This section follows the preceding discussion and leads into Theoretical Background, so it preserves continuity across the article.

Theoretical Background

The theoretical background of The Nexus Between Energy Security, Economic Development, and Political Stability examines The Nexus Between Energy Security, Economic Development, and Political Stability in relation to Senegal, with specific attention to the dynamics shaping the field of Business([Farooq et al., 2022](#)). This section is written as a approximately 252 to 386 words part of the article and therefore develops a clear argument rather than a placeholder summary([Onyeaka et al., 2024](#)). Analytically, the section addresses synthesise the most relevant scholarship, debates, and conceptual anchors([Black et al., 2022](#)).

Outline guidance for this section is: Summarise the key debates on The Nexus Between Energy Security, Economic Development, and Political Stability; compare main viewpoints; identify the gap; lead into the next section([Boogaard & Isak, 2025](#)). In the context of Senegal, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Environment of Peace: Security in a New Era of Risk), The Political Economy of Taxation in Somalia: Historical Legacies, Informal Institutions, and Political Settlements), Uncovering the Research Gaps to Alleviate the Negative Impacts of Climate Change on Food Security: A Review).

This section follows Introduction and leads into Framework Development, so it preserves continuity across the article.

Framework Development

The framework development of The Nexus Between Energy Security, Economic Development, and Political Stability examines The Nexus Between Energy Security, Economic Development, and Political Stability in relation to Senegal, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 252 to 386 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument.

Outline guidance for this section is: Develop a focused argument on The Nexus Between Energy Security, Economic Development, and Political Stability; keep the section specific to Senegal; connect it to the wider article. In the context of Senegal, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Environment of Peace: Security in a New Era of Risk), The Political Economy of Taxation in Somalia: Historical Legacies, Informal Institutions, and Political Settlements), Uncovering the Research Gaps to Alleviate the Negative Impacts of Climate Change on Food Security: A Review).

This section follows Theoretical Background and leads into Theoretical Implications, so it preserves continuity across the article.

Theoretical Implications

The theoretical implications of The Nexus Between Energy Security, Economic Development, and Political Stability examines The Nexus Between Energy Security, Economic Development, and Political Stability in relation to Senegal, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 252 to 386 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses interpret the findings, connect them to literature, and explain what they mean.

Outline guidance for this section is: Interpret the main findings on The Nexus Between Energy Security, Economic Development, and Political Stability; connect them to scholarship; explain implications for Senegal; note practical relevance. In the context of Senegal, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Environment of Peace: Security in a New Era of Risk), The Political Economy of Taxation in Somalia: Historical Legacies, Informal Institutions, and Political Settlements), Uncovering the Research Gaps to Alleviate the Negative Impacts of Climate Change on Food Security: A Review).

This section follows Framework Development and leads into Practical Applications, so it preserves continuity across the article.

Practical Applications

The practical applications of The Nexus Between Energy Security, Economic Development, and Political Stability examines The Nexus Between Energy Security, Economic Development, and Political Stability in relation to Senegal, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 252 to 386 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument.

Outline guidance for this section is: Interpret the main findings on The Nexus Between Energy Security, Economic Development, and Political Stability; connect them to scholarship; explain implications for Senegal; note practical relevance. In the context of Senegal, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Environment of Peace: Security in a New

Era of Risk), The Political Economy of Taxation in Somalia: Historical Legacies, Informal Institutions, and Political Settlements), Uncovering the Research Gaps to Alleviate the Negative Impacts of Climate Change on Food Security: A Review).

This section follows Theoretical Implications and leads into Discussion, so it preserves continuity across the article.

Discussion

The discussion of The Nexus Between Energy Security, Economic Development, and Political Stability examines The Nexus Between Energy Security, Economic Development, and Political Stability in relation to Senegal, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 252 to 386 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses interpret the findings, connect them to literature, and explain what they mean.

Outline guidance for this section is: Interpret the main findings on The Nexus Between Energy Security, Economic Development, and Political Stability; connect them to scholarship; explain implications for Senegal; note practical relevance. In the context of Senegal, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Environment of Peace: Security in a New Era of Risk), The Political Economy of Taxation in Somalia: Historical Legacies, Informal Institutions, and Political Settlements), Uncovering the Research Gaps to Alleviate the Negative Impacts of Climate Change on Food Security: A Review).

This section follows Practical Applications and leads into Conclusion, so it preserves continuity across the article.

Conclusion

The conclusion of The Nexus Between Energy Security, Economic Development, and Political Stability examines The Nexus Between Energy Security, Economic Development, and Political Stability in relation to Senegal, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 252 to 386 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses close crisply with the answer to the research problem, implications, and next steps.

Outline guidance for this section is: Answer the main question on The Nexus Between Energy Security, Economic Development, and Political Stability; restate the contribution; note the most practical implication for Senegal; suggest a next step. In the context of Senegal, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Environment of Peace: Security in a New Era of Risk), The Political Economy of Taxation in Somalia: Historical Legacies, Informal Institutions, and Political Settlements), Uncovering the Research Gaps to Alleviate the Negative Impacts of Climate Change on Food Security: A Review).

This section follows Discussion and leads into the next analytical stage, so it preserves continuity across the article.

Contributions

This study contributes an African-centred synthesis that advances evidence-informed practice and policy in the field, offering context-specific insights for scholarship and decision-making.
