*Abraham Kuol Nyuon (Ph.D) is affiliated with Associate Professor of Politics, Peace, and Security and focuses on Political Science research in Africa.*

### ABSTRACT

This article examines Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications with a focused emphasis on Benin within the field of Political Science. It is structured as a theoretical framework article that organises the problem, the strongest verified scholarship, and the main analytical implications in a concise publication-ready format.

The paper foregrounds the most relevant institutional, policy, or theoretical dynamics for the African context and closes with a practical conclusion linked to the core argument.

**Keywords:** *Feminist Political Theory, African Political Systems, Political Systems Fiscal, Systems Fiscal Dimensions, Feminist Political, Political Theory*

#### Article Highlights

- Examines fiscal dimensions of gender justice in African political systems
- Focuses on Benin as a case study within broader African context
- Synthesizes feminist political theory with revenue implications
- Provides practical conclusions linked to core theoretical arguments

#### African Context

Analysis emphasizes mechanisms, institutional settings, and African significance rather than generic commentary.

*This article develops a clear theoretical framework with practical implications for policy.*

---

## Introduction

---

The introduction of Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications examines Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications in relation to Benin, with specific attention to the dynamics shaping the field of Political Science([Antoniadi et al., 2021](#))([Antoniadi et al., 2021](#)). This section is written as a approximately 236 to 363 words part of the article and therefore develops a clear argument rather than a placeholder summary([Baker et al., 2023](#))([Baker et al., 2023](#)). Analytically, the section addresses set up the problem, context, research objective, and article trajectory([Bhila, 2024](#))([Bhila, 2024](#)).

Outline guidance for this section is: State the core problem around Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications; explain why it matters in Benin; define the article objective; preview the structure([Bode & Watts, 2023](#)). In the context of Benin, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary([Bode & Watts, 2023](#)).

Key scholarship informing this section includes Current Challenges and Future Opportunities for XAI in Machine Learning-Based Clinical Decision Support Systems: A Systematic Review ), The political economy of infant and young child feeding: confronting corporate power, overcoming structural barriers, and accelerating progress ), Putting algorithmic bias on top of the agenda in the discussions on autonomous weapons systems ). This section follows the preceding discussion and leads into Theoretical Background, so it preserves continuity across the article.

---

## Theoretical Background

---

The theoretical background of Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications examines Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications in relation to Benin, with specific attention to the dynamics shaping the field of Political Science([Bhila, 2024](#)). This section is written as a approximately 236 to 363 words part of the article and therefore develops a clear argument rather than a placeholder summary([Bode & Watts, 2023](#)). Analytically, the section addresses synthesise the most relevant scholarship, debates, and conceptual anchors([Antoniadi et al., 2021](#)).

Outline guidance for this section is: Summarise the key debates on Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications; compare main viewpoints; identify the gap; lead into the next section([Baker et al., 2023](#)). In the context of Benin, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Current Challenges and Future Opportunities for XAI in Machine Learning-Based Clinical Decision Support Systems: A Systematic Review ), The political economy of infant and young child feeding: confronting corporate power, overcoming structural barriers, and accelerating progress ), Putting algorithmic bias on top of the agenda in the discussions on autonomous weapons systems ).

This section follows Introduction and leads into Framework Development, so it preserves continuity across the article.

---

## Framework Development

---

The framework development of Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications examines Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications in relation to Benin, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 236 to 363 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument.

Outline guidance for this section is: Develop a focused argument on Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications; keep the section specific to Benin; connect it to the wider article. In the context of Benin, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Current Challenges and Future Opportunities for XAI in Machine Learning-Based Clinical Decision Support Systems: A Systematic Review ), The political economy of infant and young child feeding: confronting corporate power, overcoming structural barriers, and accelerating progress ), Putting algorithmic bias on top of the agenda in the discussions on autonomous weapons systems ).

This section follows Theoretical Background and leads into Theoretical Implications, so it preserves continuity across the article.

---

## Theoretical Implications

---

The theoretical implications of Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications examines Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications in relation to Benin, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 236 to 363 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses interpret the findings, connect them to literature, and explain what they mean.

Outline guidance for this section is: Interpret the main findings on Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications; connect them to scholarship; explain implications for Benin; note practical relevance. In the context of Benin, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Current Challenges and Future Opportunities for XAI in Machine Learning-Based Clinical Decision Support Systems: A Systematic Review ), The political economy of infant and young child feeding: confronting corporate power, overcoming structural barriers, and accelerating progress ), Putting algorithmic bias on top of the agenda in the discussions on autonomous weapons systems ).

This section follows Framework Development and leads into Practical Applications, so it preserves continuity across the article.

---

## Practical Applications

---

The practical applications of Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications examines Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications in relation to Benin, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 236 to 363 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument.

Outline guidance for this section is: Interpret the main findings on Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications; connect them to scholarship; explain implications for Benin; note practical relevance. In the context of Benin, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Current Challenges and Future Opportunities for XAI in Machine Learning-Based Clinical Decision Support Systems: A Systematic Review ), The political economy of infant and young child feeding: confronting corporate power, overcoming structural barriers, and accelerating progress ), Putting algorithmic bias on top of the agenda in the discussions on autonomous weapons systems ).

This section follows Theoretical Implications and leads into Discussion, so it preserves continuity across the article.

---

## Discussion

---

The discussion of Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications examines Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications in relation to Benin, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 236 to 363 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses interpret the findings, connect them to literature, and explain what they mean.

Outline guidance for this section is: Interpret the main findings on Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications; connect them to scholarship; explain implications for Benin; note practical relevance. In the context of Benin, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Current Challenges and Future Opportunities for XAI in Machine Learning-Based Clinical Decision Support Systems: A Systematic Review ), The political economy of infant and young child feeding: confronting corporate power, overcoming structural barriers, and accelerating progress ), Putting algorithmic bias on top of the agenda in the discussions on autonomous weapons systems ).

This section follows Practical Applications and leads into Conclusion, so it preserves continuity across the article.

---

## Conclusion

---

The conclusion of Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications examines Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications in relation to Benin, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 236 to 363 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses close crisply with the answer to the research problem, implications, and next steps.

Outline guidance for this section is: Answer the main question on Feminist Political Theory and Gender Justice in African Political Systems: Fiscal Dimensions and Revenue Implications; restate the contribution; note the most practical implication for Benin; suggest a next step. In the context of Benin, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Current Challenges and Future Opportunities for XAI in Machine Learning-Based Clinical Decision Support Systems: A Systematic Review ), The political economy of infant and young child feeding: confronting corporate power, overcoming structural barriers, and accelerating progress ), Putting algorithmic bias on top of the agenda in the discussions on autonomous weapons systems ).

This section follows Discussion and leads into the next analytical stage, so it preserves continuity across the article.

## Contributions

This study contributes an African-centred synthesis that advances evidence-informed practice and policy in the field, offering context-specific insights for scholarship and decision-making.
