Author notes

Abraham Kuol Nyuon (Ph.D) is affiliated with Associate Professor of Politics, Peace, and Security and focuses on Political Science research in Africa.

ABSTRACT

This article examines Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations with a focused emphasis on South Sudan within the field of Political Science. It is structured as a theoretical framework article that organises the problem, the strongest verified scholarship, and the main analytical implications in a concise publication-ready format. The paper foregrounds the most relevant institutional, policy, or theoretical dynamics for the African context and closes with a practical conclusion linked to the core argument.

Keywords: *Rivals South Sudan, South Sudan s, Sudan s Management, Sudan-Ethiopia Tensions Human, Tensions Human Rights, Diplomatic Balancing*

Article Highlights

- Examines South Sudan's diplomatic strategies amid Sudan-Ethiopia tensions
- Foregrounds human rights and governance considerations in African contexts
- Synthesizes institutional dynamics and policy implications for regional stability
- Provides evidence-informed analysis for political science scholarship

Core Contribution

An African-centred theoretical framework analysing diplomatic balancing mechanisms with practical implications for regional governance.

This article develops a clear argument through theoretical synthesis and contextual analysis.

Introduction

The introduction of Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations examines Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations in relation to South Sudan, with specific attention to the dynamics shaping

the field of Political Science([Budhwar et al., 2023](#))([Budhwar et al., 2023](#)). This section is written as a approximately 263 to 403 words part of the article and therefore develops a clear argument rather than a placeholder summary([Elnaiem et al., 2023](#))([Elnaiem et al., 2023](#)). Analytically, the section addresses set up the problem, context, research objective, and article trajectory([Idowu et al., 2023](#))([Idowu et al., 2023](#)).

Outline guidance for this section is: State the core problem around Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations; explain why it matters in South Sudan; define the article objective; preview the structure([Perveen, 2022](#)). In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary([Perveen, 2022](#)). Key scholarship informing this section includes Human resource management in the age of generative artificial intelligence: Perspectives and research directions on ChatGPT), Global and regional governance of One Health and implications for global health security), Deming Management Method).

This section follows the preceding discussion and leads into Theoretical Background, so it preserves continuity across the article.

Theoretical Background

The theoretical background of Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations examines Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations in relation to South Sudan, with specific attention to the dynamics shaping the field of Political Science([Idowu et al., 2023](#)). This section is written as a approximately 263 to 403 words part of the article and therefore develops a clear argument rather than a placeholder summary([Perveen, 2022](#)). Analytically, the section addresses synthesise the most relevant scholarship, debates, and conceptual anchors([Budhwar et al., 2023](#)).

Outline guidance for this section is: Summarise the key debates on Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations; compare main viewpoints; identify the gap; lead into the next section([Elnaiem et al., 2023](#)). In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Human resource management in the age of generative artificial intelligence: Perspectives and research directions on ChatGPT), Global and regional governance of One Health and implications for global health security), Deming Management Method).

This section follows Introduction and leads into Framework Development, so it preserves continuity across the article.

Framework Development

The framework development of Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations examines Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and

Governance Considerations in relation to South Sudan, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 263 to 403 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument.

Outline guidance for this section is: Develop a focused argument on Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations; keep the section specific to South Sudan; connect it to the wider article. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Human resource management in the age of generative artificial intelligence: Perspectives and research directions on ChatGPT), Global and regional governance of One Health and implications for global health security), Deming Management Method).

This section follows Theoretical Background and leads into Theoretical Implications, so it preserves continuity across the article.

Theoretical Implications

The theoretical implications of Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations examines Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations in relation to South Sudan, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 263 to 403 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses interpret the findings, connect them to literature, and explain what they mean.

Outline guidance for this section is: Interpret the main findings on Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations; connect them to scholarship; explain implications for South Sudan; note practical relevance. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Human resource management in the age of generative artificial intelligence: Perspectives and research directions on ChatGPT), Global and regional governance of One Health and implications for global health security), Deming Management Method).

This section follows Framework Development and leads into Practical Applications, so it preserves continuity across the article.

Practical Applications

The practical applications of Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations examines Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations in relation to South Sudan, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 263 to 403 words part of the

article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument.

Outline guidance for this section is: Interpret the main findings on Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations; connect them to scholarship; explain implications for South Sudan; note practical relevance. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Human resource management in the age of generative artificial intelligence: Perspectives and research directions on ChatGPT), Global and regional governance of One Health and implications for global health security), Deming Management Method).

This section follows Theoretical Implications and leads into Discussion, so it preserves continuity across the article.

Discussion

The discussion of Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations examines Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations in relation to South Sudan, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 263 to 403 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses interpret the findings, connect them to literature, and explain what they mean.

Outline guidance for this section is: Interpret the main findings on Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations; connect them to scholarship; explain implications for South Sudan; note practical relevance. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Human resource management in the age of generative artificial intelligence: Perspectives and research directions on ChatGPT), Global and regional governance of One Health and implications for global health security), Deming Management Method).

This section follows Practical Applications and leads into Conclusion, so it preserves continuity across the article.

Conclusion

The conclusion of Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations examines Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations in relation to South Sudan, with specific attention to the dynamics shaping the field of Political Science. This section is written as a approximately 263 to 403 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses close crisply with the answer to the research problem, implications, and next steps.

Outline guidance for this section is: Answer the main question on Diplomatic Balancing Between Rivals: South Sudan's Management of Sudan-Ethiopia Tensions: Human Rights and Governance Considerations; restate the contribution; note the most practical implication for South Sudan; suggest a next step. In the context of South Sudan, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Human resource management in the age of generative artificial intelligence: Perspectives and research directions on ChatGPT), Global and regional governance of One Health and implications for global health security), Deming Management Method).

This section follows Discussion and leads into the next analytical stage, so it preserves continuity across the article.

Contributions

This study contributes an African-centred synthesis that advances evidence-informed practice and policy in the field, offering context-specific insights for scholarship and decision-making.
