Nabinya Okello is affiliated with Department of Interdisciplinary Studies, Gulu University and focuses on African Studies research in Africa.

Omulira Nakibebwe is affiliated with Gulu University and focuses on African Studies research in Africa.

Bwambatsye Nabbanja is affiliated with Department of Interdisciplinary Studies, Busitema University and focuses on African Studies research in Africa.

Abstract

Recent political transitions in Uganda have highlighted gender imbalances within power structures. Qualitative comparative analysis of historical election data and interviews with former politicians from various regions. Gender representation varied significantly across transitions; women's participation in leadership roles increased by 20% compared to previous elections. Women have gained influence but remain underrepresented, suggesting a need for gender-specific policy interventions. Implement quotas and training programmes aimed at increasing female political participation and leadership skills.
