Mahmoud Hassan is affiliated with Department of Research, Benha University and focuses on African Studies research in Africa.

Salama Ali is affiliated with Cairo University and focuses on African Studies research in Africa.

Abstract

Theoretical evolution of African philosophy in post-colonial Egypt is a burgeoning field within African Studies. Theoretical synthesis and literature review, utilising post-colonial theory as a guiding lens. The framework underscores the complexities and potentials within post-colonial African philosophy by integrating historical context with contemporary dialogues. Further research should focus on empirical applications of this theoretical model to understand its practical implications in Egyptian educational and cultural institutions.

Keywords: *Africanization, Decoloniality, Postcolonialism, Pan-Africanism, Critical Theory, Hegemony, Intellectual History*
