Sabrina Diop is affiliated with Institut Sénégalais de Recherches Agricoles (ISRA) and focuses on African Studies research in Africa.

Saliou Ngom is affiliated with Department of Advanced Studies, Université Gaston Berger (UGB), Saint-Louis and focuses on African Studies research in Africa.

Mawadda Touré is affiliated with African Institute for Mathematical Sciences (AIMS) Senegal and focuses on African Studies research in Africa.

Abstract

Migrant communities in Southern Africa often face significant cultural challenges when settling in Senegal, a country with its own rich culture and traditions. No empirical data are presented; the analysis is based on existing literature and case studies from Southern Africa. These adaptive practices highlight the complex interplay between cultural preservation and community development within migrant populations. Governments and non-governmental organizations should support initiatives that enhance cross-cultural understanding and mutual respect among diverse communities in Senegal.

Keywords: *Sub-Saharan, diaspora, interculturalism, acculturation, resilience, syncretism, ethnography*
