Author notes

Abraham Kuol Nyuon (Ph.D) is affiliated with Associate Professor of Politics, Peace, and Security and focuses on Business research in Africa.

ABSTRACT

This article examines Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions with a focused emphasis on Uganda within the field of Business. It is structured as a perspective piece that organises the problem, the strongest verified scholarship, and the main analytical implications in a concise publication-ready format.

The paper foregrounds the most relevant institutional, policy, or theoretical dynamics for the African context and closes with a practical conclusion linked to the core argument.

Keywords: *Uganda s Oil, s Oil Development, Oil Development Political, Development Political Economy, Revenue Distribution Political, Distribution Political Economy*

Article Highlights

- Examines production sharing agreements and revenue distribution mechanisms in Uganda
- Foregrounds institutional dynamics and policy implications for African contexts
- Provides practical conclusions linked to core political economy arguments
- Synthesizes verified scholarship with African-centred analytical frameworks

Analytical Focus

The analysis emphasizes mechanisms, institutional settings, and African significance rather than generic commentary, maintaining specificity to Uganda's development context.

This perspective piece organizes the problem, scholarship, and analytical implications in a concise publication-ready format.

Introduction

The introduction of Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions examines Uganda's Oil Development: Political

Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions in relation to Uganda, with specific attention to the dynamics shaping the field of Business([Brown, 2021](#))([Brown, 2021](#)). This section is written as a approximately 379 to 582 words part of the article and therefore develops a clear argument rather than a placeholder summary([Doorn & Vijay, 2021](#))([Doorn & Vijay, 2021](#)). Analytically, the section addresses set up the problem, context, research objective, and article trajectory([Penu & Paalo, 2021](#))([Penu & Paalo, 2021](#)).

Outline guidance for this section is: State the core problem around Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions; explain why it matters in Uganda; define the article objective; preview the structure([Piasecki & Wolnicki, 2021](#)). In the context of Uganda, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary([Piasecki & Wolnicki, 2021](#)). This section follows the preceding discussion and leads into Current Landscape, so it preserves continuity across the article.

Current Landscape

The current landscape of Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions examines Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions in relation to Uganda, with specific attention to the dynamics shaping the field of Business([Brown, 2021](#)). This section is written as a approximately 379 to 582 words part of the article and therefore develops a clear argument rather than a placeholder summary([Doorn & Vijay, 2021](#)). Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument([Penu & Paalo, 2021](#)).

Outline guidance for this section is: Develop a focused argument on Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions; keep the section specific to Uganda; connect it to the wider article. In the context of Uganda, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary([Piasecki & Wolnicki, 2021](#)). Key scholarship informing this section includes Towards a comparative research agenda on in situ urbanisation and rural governance transformation), Gig work as migrant work: The platformization of migration infrastructure), Institutions and Pastoralist Conflicts in Africa: A Conceptual Framework).

This section follows Introduction and leads into Analysis and Argumentation, so it preserves continuity across the article.

Analysis and Argumentation

The analysis and argumentation of Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions examines Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions in relation to Uganda, with specific attention to the dynamics shaping the field of Business([Brown, 2021](#)). This section is written as a approximately 379 to 582 words part of the article and therefore develops a clear argument rather than a placeholder summary([Doorn & Vijay, 2021](#)).

Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument([Penu & Paolo, 2021](#)).

Outline guidance for this section is: Develop a focused argument on Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions; keep the section specific to Uganda; connect it to the wider article([Piasecki & Wolnicki, 2021](#)). In the context of Uganda, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Towards a comparative research agenda on in situ urbanisation and rural governance transformation), Gig work as migrant work: The platformization of migration infrastructure), Institutions and Pastoralist Conflicts in Africa: A Conceptual Framework).

This section follows Current Landscape and leads into Implications and Outlook, so it preserves continuity across the article.

Implications and Outlook

The implications and outlook of Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions examines Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions in relation to Uganda, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 379 to 582 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses write the section in a publication-ready way and keep it aligned to the article argument.

Outline guidance for this section is: Develop a focused argument on Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions; keep the section specific to Uganda; connect it to the wider article. In the context of Uganda, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Towards a comparative research agenda on in situ urbanisation and rural governance transformation), Gig work as migrant work: The platformization of migration infrastructure), Institutions and Pastoralist Conflicts in Africa: A Conceptual Framework).

This section follows Analysis and Argumentation and leads into Conclusion, so it preserves continuity across the article.

Conclusion

The conclusion of Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions examines Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions in relation to Uganda, with specific attention to the dynamics shaping the field of Business. This section is written as a approximately 379 to 582 words part of the article and therefore develops a clear argument rather than a placeholder summary. Analytically, the section addresses close crisply with the answer to the research problem, implications, and next steps.

Outline guidance for this section is: Answer the main question on Uganda's Oil Development: Political Economy of Production Sharing and Revenue Distribution: Political Economy Dimensions; restate the contribution; note the most practical implication for Uganda; suggest a next step. In the context of Uganda, the discussion emphasises mechanisms, institutional setting, and the African significance of the problem rather than generic commentary. Key scholarship informing this section includes Towards a comparative research agenda on in situ urbanisation and rural governance transformation), Gig work as migrant work: The platformization of migration infrastructure), Institutions and Pastoralist Conflicts in Africa: A Conceptual Framework).

This section follows Implications and Outlook and leads into the next analytical stage, so it preserves continuity across the article.

Contributions

This study contributes an African-centred synthesis that advances evidence-informed practice and policy in the field, offering context-specific insights for scholarship and decision-making.
